I am looking for people who want to help change the world... one kid at a time.

Is this you?

Friends of mine work with under-privileged kids living in squalor in Serbia. They provide the things these kids need to attend school…. textbooks, school supplies, sneakers, backpacks and more. Things we take for granted, but to these families, they are luxuries. By helping these kids get an education you are helping to rewrite their futures!

Your love, disguised as a donation, can help them help more kids! Can I count on your support?
